UNITAS GLOBAL METHODOLOGY

Through our disciplined methodology, we provide world-class client engagement and customer service.

1 | DISCOVER

Unitas assembles a team to assess your business needs and technology requirements.

2 | DESIGN

Our Cloud Solutions Architects design a technology agnostic solution and include client feedback to provide a custom solution.

3 | BUILD

Our operations team configures, migrates, tests, and then validates the solution.

5 | MANAGE

Our Cloud Management Center operates 24x7x365 to manage and monitor your environment.

4 | DEPLOY

We integrate Unitas Atlas®, our unified monitoring platform, and address any necessary adjustments.
