

ITO? CONSIDER IT HANDLED.

Unitas ITO solutions aren't out of the box solutions. We create ITO solutions to meet your specific business needs.

Here at Unitas Global, we understand the headache that comes with running and managing your IT department. Sometimes it feels like you're spending more time putting out fires than focusing on strategic business initiatives. Offload your IT department onto us—this is what we do, day in and day out. We've got you on this one.

SOLUTIONS

SECURITY

Firewalls, Intrusion Detection, Intrusion Prevention, Anti-Virus, and other tools fortify to meet major compliance standards.

NETWORK

Our internal and external network offering is carrier neutral, scalable and performance optimized for global delivery.

STORAGE

Designed for scalability, your storage offering meets your security + redundancy requirements.

MONITORING

Unitas Atlas®, our unified monitoring platform, provides full insight to comprehensively manage the health & performance of your environment as a service.

MANAGEMENT

Our Cloud Management Center (CMC) provides 24x7x365 monitoring + support.

HIGHLIGHTS

CUSTOM SOLUTION

Unitas delivers a solution designed around your business, never "one size fits all." We are technology, location, and carrier agnostic to provide an IT outsourcing solution to seamlessly integrate with your applications and existing infrastructure.

SINGLE SOURCE PROVIDER

At Unitas we utilize leading cloud technologies to provide you with a single source IT solution. We then wrap it in an end-to-date SLA guaranteed to meet your uptime requirements. One point of contact for your entire IT.

CLIENT EXPERIENCE

Unitas establishes an integrated team across our Client, Project Management and Engineering Teams to ensure that your customized solution meets all requirements and performs to your expectations.

EXPERT RESOURCES

Unitas is backed by teams of certified and senior engineers. If your environment has unique requirements, we will utilize industry leading specialists to bring you the support your IT needs to thrive. Complexity gives us our chance to shine. Bring it on.
